TPM 2024

GLOBAL PERISHABLES TRADE IS EVOLVING

NEEDS HAVE EVOLVED

Shifting production and demand markets that require increased supply chain resilience.

SO HAVE WE

We're building infrastructure in the right markets, and we own our assets.

The geopolitical turmoil has complicated food supply chains.

We're building seamless connections by integrating innovative facilities and multimodalities into an end-to-end supply chain.

Need for sustainable supply chains and care to minimise the impact on climate and communities.

We're creating better ways of moving food to market through technology and strategic innovation.
